*Chelone pinnatifida*, Willd.

The first of these is the  
 fact that the population  
 of the country has  
 increased very rapidly  
 since the year 1800.  
 This is due to a number  
 of causes, the most  
 important of which are  
 the discovery of gold  
 and silver, the  
 introduction of  
 the steam engine,  
 and the  
 discovery of  
 the telegraph.  
 The second  
 fact is that the  
 country has  
 become more  
 civilized and  
 more  
 advanced in  
 its  
 social and  
 political  
 condition.  
 This is due to  
 the fact that  
 the country has  
 been the scene  
 of a number of  
 important events,  
 the most  
 important of which  
 are the  
 discovery of  
 gold and silver,  
 the introduction  
 of the steam  
 engine, and the  
 discovery of the  
 telegraph.  
 The third  
 fact is that the  
 country has  
 become more  
 civilized and  
 more  
 advanced in  
 its  
 social and  
 political  
 condition.  
 This is due to
